

## Payment delay for clients with Australian bank accounts

## Updated 2.15pm, Tuesday 25 June 2019

We are aware of an issue with our payment system. The issue has caused clients, who receive payments from us into an Australian bank account, to not be paid over night.

Payments will be made today, but some clients may not see the payments in their Australian bank accounts until tomorrow.

If the delay causes you any hardship, please contact us as soon as possible.
