

Support at home

We may be able to help you with support at home.

Support can include things like mowing your lawns, cleaning your gutters or helping with chores around your home.

The type of support we might be able to help you with will depend on your individual needs. We'll work with you to complete a needs assessment to understand your situation.

Veterans' Independence Programme

The Veterans' Independence Programme supports you to remain independent in your own home. As long as you have Qualifying Service you don't need to have a service-related condition to receive services from the programme.

Social Rehabilitation

Social Rehabilitation can cover many different things such as home modification, training for independence, and attendant care.
